

2006 ROLL CALL VOTE DESCRIPTIONS

1. **Motion to discharge the Marriage Protection Amendment (HJR 106)** from the Constitutional Revision Committee where it was being bottled up. The committee had not met in 2006 and the only way to get it out of committee was to discharge it so it could be on the 2006 election ballot. This bypassed the tradition-bound committee process but was the only option available to get the amendment out of the committee. The discharge procedure is spelled out in the legislative rules. Earlier in the session the legislature had used the process to dispense with committee reference for the Governor's bill dealing with the coal mine disaster. The urgency of HJR 106 was based on the concern that other states have overturned marriage statutes, and the same thing could happen in West Virginia without this additional constitutional protection. (HJR 106) 2/15/06 RC#101 (35-63).
2. **Church distance from alcohol sales recalculated** Changing the way the distance is calculated so the church and bar or restaurant are not next to each other. Instead of calculating the 300 foot distance from the front door to along street and to the front door of the bar where the two buildings could be next to each other if there were long walkways, the 300 feet would be from property line to property line. Thus the buildings could not be right next to each other. (HB 3258) 2/20/06 RC#127 (45-52).
3. **Allowing the alcohol sales at ABC licensed established to be less than 300 feet from a church** if the church leader or governing board consents. This could allow the harmful effects of alcohol to be next to church for up to a year before the church would be able to change the authorization. (HB 3258) 2/20/06 RC#128 (61-35).
4. **Motion to discharge parental notification bill from committee** – With no other way to get the bill out of committee that was the last option during the two-year session to take this parents' right to know issue up. West Virginians for Life saw this discharge procedure as the only way to get the bill out of committee. With limited exceptions by a judge, SB 519 (which passed the Senate overwhelmingly) would require parental notification for underage girls to get an abortion. It is ironic that girls must get permission to have their ears pierced but not for an abortion. Often older men will pressure the girl to get an abortion to destroy evidence of their sexual activity. (SB 519) 3/7/06 RC#343 (37-62).
5. **Rules change to allow 12 delegates to require a bill to be taken up and considered.** This creates a new procedure where 12 delegates sign a petition requesting the issue be taken up. Each delegate could only sign one petition per year. The committee would have seven calendar days to report the bill out of the committee and to the full House, and five days to place it on the active calendar for the full House to consider. This would allow issues year after year ignored by the leadership to be taken up and considered, to at least be debated and voted on. The only current option is to discharge a bill from a committee. HR 9 would give the committee time to study the bill and if need be improve it. The committee could vote the bill out with a positive, neutral or unfavorable recommendation. It will also give the leadership to fit it into their floor session. (HR 9) 3/11/06 RC#604 (70-28).
